

**BRIDGEWATER STATE COLLEGE
ADRIAN TINSLEY PROGRAM FOR UNDERGRADUATE RESEARCH**

**ATP Course Embedded Research Grant
FORM 2009-2010**

The Adrian Tinsley Program Grant to support course-embedded research is available to full or part time faculty teaching an undergraduate course at Bridgewater State College. The grant is meant to support discipline-appropriate research experiences that are both manageable within a classroom and a semester and that an entire class will participate in.

Applications will be accepted throughout the semester and funded on an ongoing basis. Applications should be turned in to Kathy Frederick in the Office of Undergraduate Research, 200 Maxwell Library. Applications can be also be submitted electronically to kfrederick@bridgew.edu. ROLLING DEADLINE THROUGHOUT THE ACADEMIC YEAR

Name: _____

Phone: _____ **E-mail:** _____

Course Number: _____

Course Title: _____

Course Size: _____

Project Title: _____

Please submit the following along with this cover sheet:

I. Project Summary (please include the following using no more than two-pages singled spaced)

- a. A thorough description of the research project, with an explanation of the research methods that this project teaches students and an explanation of how these are appropriate research skills for a particular level of instruction (i.e. a 100 level research experience, a 200 level research experience, a 400 senior seminar research experience, etc).
- b. A clear explanation of how the entire class will participate in the research experience and how that experience will fit in with the rest of the semester.
- c. A budget with a complete outline of how the funds will be expended.
- d. An indication of the final project students will produce and the venue for exhibiting that final product (venues could include but are not limited to publication in *The UR*, Presentation at the Midyear or April BSC Symposium, etc)
- e. Copy of student roster
