UNDERGRADUATE MINORS

*Interdisciplinary minor

UNDERGRADUATE PROGRAM

The Department of Theater and Dance is committed to educating students in two significant art forms. Upon completing a program in theater or dance, students are prepared to engage in theater and dance throughout their lives, to pursue advanced study in the art forms or to begin a career in theater or dance.

The theater program emphasizes a comprehensive theater program within the liberal arts context. Students pursue a systematic course of study in performance, production, management, history, literature and criticism, which are enhanced by opportunities to participate in either performance or production in the department's theater season.

The theater education program combines the content of the theater program with additional learning to support Standard I requirements for licensure to teach theater in public schools in Massachusetts.

The dance program offers a wide variety of dance technique training and a solid theoretical foundation for performance and choreography. In addition, the program offers an emphasis on dance pedagogy in either the private or public sector. The program fulfills Standard I requirements for licensure for dance in the public schools in Massachusetts.

BACHELOR OF ARTS

Students majoring in this department may choose one of three concentrations: dance education, theater arts or theater education.

Also see the catalog section "Interdisciplinary and Preprofessional Programs" and consult the department for information on the interdisciplinary dance minor.

THEATER ARTS CONCENTRATION

Students selecting this concentration follow a program designed to develop skills in and appreciation of those subjects related to performance and production in live theater.
