

## **Participant Created Activity Requirements**

Individuals may choose to work alone or in a group of no more than 3. You are required to create a useable classroom activity that is based on materials/information gained **DIRECTLY** from the module.

Please attach a cover sheet to your activity that includes the following information:

- Group member's first and last names and school districts
- Title of module
- Description of activity **and** step by step instructions for completing activity
- Materials taken **DIRECTLY** from module used to create activity
- Grant Objectives addressed through activity
- Massachusetts Framework standards addressed through activity

Please make sure that your activity submission is of professional quality and has **ALL** necessary components needed for another teacher to use it with his/her students. Please include an answer key if necessary.

If the above requirements are not addressed, your submission may be sent back to you for revision.

Thank You,

TAHG Steering Committee
