

## **Double-Sided Printing now Default in Moakley/Maxwell Computing Labs**

**Posted By:** [IT Support](#)

**Category:** Announcements

**Date:** September 8, 2011

Bridgewater State University is moving forward on a new initiative in the spirit of pursuing better sustainable printing practices.

Double-sided printing will be the default standard in the Moakley Center and Maxwell Library public computing labs as of this Monday, September 12. When printing from any applications to the printers in these labs, text and images will be printed on each side of the paper.

If you need to print on only one side of the sheet (single-sided format), you can modify the appropriate Print settings in the application you are using. You will see details when logging into Moakley/Maxwell lab computers.

The cost for printing a double-sided black&white sheet will be 15 cents.

The cost for printing a double-sided color sheet will be 40 cents.

Full details of the BSU Printing Policy can be found at URL 1 below:
