Credits Used = Earned (H), plus Transfer (T), plus Registered (R). Duplicate credit cannot be used toward graduation for repeated courses.

GPA data and earned credit totals are not finalized until several weeks after each grading period has ended.

Major GPA for undergraduate programs is located at the bottom of the degree audit, in the area marked 'Major GPA'

Section II – Core Skill Requirements

There are six Core Skill Requirements: (Writing I, Writing II, Communication Speaking, Logical Reasoning, Math Reasoning, and Quantitative Skills).

1. “T” stands for Transfer. “R” stands for Registered.

2. **Math Reasoning & Quantitative Skills Requirement:**

Math enrollment is based on placement testing and/or pre-requisites. Transfer students who transfer in a college level math will fulfill the **Math Reasoning** requirement. If you are in a math based major (for example, business & sciences), this requirement will be satisfied from courses taken in the major such as pre-calculus, calculus, and statistics.

Check the Core Curriculum Advising Guide for a complete list of courses that may satisfy this requirement.

Important Information

1. When reviewing your degree audit, you should remember that your last semester's courses are not on your degree audit until your final transcript has been received in the Office of Admissions. ***It is a good idea to check with Office of Admissions to be sure your final transcript arrived.***
2. Do not sign up for a course you have already taken until you receive clarification. If you transferred a course that you believe satisfies a **major** requirement and it is in the "free electives" category, you will need to follow the **appeal process** and meet with your major department chairperson. The **appeal process** is located on the Transfer Central Web site at: <http://www.bridgew.edu/transfercentral>.
3. If you transferred a course that you believe satisfies a CORE requirement and it is in the "free electives" category, you will need to follow the **appeal process**. The **appeal process** is located on the Transfer Central Web site at: <http://www.bridgew.edu/transfercentral>.
4. Courses in the Core Skills Section (section II on the degree audit) cannot be used to fulfill any other section requirements.

Important Information (continued)

5. Courses in all other sections (III-VIII) of the Core Curriculum can be used to fulfill more than one requirement including major requirements.
6. If you are transferring with 80-90 credits, it is a good idea to consult the transfer coordinator to be sure all of your credits are applied effectively.
7. To graduate, you must complete all of your Core and MAJOR requirements, and earn a minimum of 120 credits.
8. Use the **Core Curriculum Guide(s)** to select courses for the Core Curriculum. There are three guides to select from; each offering information in a different format. Choose which one is right for you. [Go to http://www.bridgew.edu/CoreCurriculum/](http://www.bridgew.edu/CoreCurriculum/)
The first three links on the left-hand side will assist you in course selection.
9. Now that you are a matriculated BSU student, do not take courses outside of BSU without permission.
