WELCOME TO BRIDGEWATER STATE UNIVERSITY

Shea/Durgin Times

Counting Down Until You're a BSU College Student...

We are excited that you will be joining us for your first year! We have been preparing for your arrival all summer and can't wait until you move in on Sunday, September 4th. For many of you, this will be your first time living away from home, and it is important to us that you feel "at home" in the hall. There will be many new experiences that you and the other 750 residents will encounter together during your first year of college. In order to help you in your transition, we have 20 Resident Assistants (RAs) and 2 Resident Directors (RDs). The Resident Assistants are upperclassmen students who live on the floors and are here to help you with your first year. They are highly trained in various aspects of college student life and are excited to meet all of you. The Resident Directors are full time professional staff members who live in apartments on the ground floor and have offices near the game room. They have Masters Degrees in College Student Personnel and are eager to assist you with any issues that may arise, so feel free to stop in and introduce yourself! Their office hours can be found on the website and on their office door.

We are going to have a great year together and we couldn't be happier to be sharing this experience with you. All we ask is that you be a responsible member of the community and be open to new experiences. If you have questions, please ask! It's okay not to know everything and not to have all the answers.

Welcome home and we are glad to have you!

Get Involved in the Residence Hall Association (RHA)

Residence Hall Association (RHA) is an exciting opportunity for any student looking to make a difference in the residence halls. RHA is comprised of representatives from every residence hall on campus who work together to plan events for the resident students, as well as review residence hall policies and procedures.

Whether you're looking to get involved on campus, meet students or be an influence over policies and procedures, RHA is the organization that will meet your needs. If you are interested in participating in

RHA please speak with your Resident Assistant (RA), Resident Director (RD) or visit the Residence Hall Association website at www.bridgew.edu/rh/rha.
