Bullying should stop because it can hurt you in many awful ways. When someone is embarrassed, scared, or hurt by someone that's bullying. Many times when people are bullied their feelings and their bodies may get hurt and it will make them unhappy and frightened. Bullying can affect your life so you can't concentrate and sometimes you don't want to go to school. People being bullied can't always defend themselves and bystanders need to help. Bullying can stop if we try to stop it.

There are a lot of things you can do to help someone being bullied. You can include the person being bullied in one of your games. Tell the kid being bullied to walk away when he or she is being bullied. Another good thing to do to a person being bullied is to just be a friend to them. Tell an adult (teacher, parent, someone you can trust) that someone you know is being bullied. I've been bullied and I know how awful it is so we need to put an end to it.
