

Bullying

Bullies hurt others because of different reasons and one is because people look different. Some kids are small, other kids are fat. Even because they have glasses. Bullies can't see that being different is good, not bad.

Another reason for bullying is because of crushes. People annoy people they have a crush on to get their attention. Sometimes bullies push who they have a crush on. Sometime bullies even trip them. Bullies just don't want to show their real feelings!

Most bullying start by misunderstanding. Some kids accidently bump into them. Sometime kids trip and push them. Sometimes bullies are playing cops laying on the ground and someone trips on them playing soccer. Bullies don't give them time to say, "I'm sorry."

I don't think that it's fair for people to get bullied. Bullying is just mean and unfair. Bullies are mean. They are unfair. Bullies are only intimidatating, menacing, harassing, and admonishing!
