

Dear BSC Graduate —

The faculty coordinators of the Adrian Tinsley Program, and the Director and Assistant Director of the Honors Program collectively hope that this email/letter finds you very well. We write today to invite you to participate in the first ever survey of the Bridgewater State College Honors/Undergraduate Research Experience.

The survey itself will take about ten to fifteen minutes of your time. We are interested in knowing about the quality of your Honors/Undergraduate Research experience while you were at BSC and the connection you see (or don't see) between that experience, your life at Bridgewater, and your life beyond Bridgewater. Your honest and thoughtful answers to this short survey will help us to improve the quality of our programming for current and future Bridgewater students.

You may link to the survey from the website of the Office of Undergraduate Research:

We hope you will choose to participate in this survey and help us in our efforts to improve and grow a program that means a great deal to us as we work to make it the best it can be.

Sincerely,
