

Licensed Clinical Social Worker Opportunity Belgrade, Maine

Belgrade Regional Health Center will be the first of eleven primary care practices to offer behavioral health integrated into health care services. We seek an independent, Maine licensed, clinical social worker. Working full time as a member of the medical team, the LCSW will offer consultation services to patients and primary care providers concerning behavioral changes that improve patient health status. The interventions will be brief, understandable, and effective. He/she will also assist with case management and serve as a liaison with community resources. Established in 1977, Belgrade now provides primary care to 2,500 area residents of all ages each year.

HealthReach offers:

- Competitive salary and benefits
- Loan repayment opportunities
- Malpractice coverage
- Committed clinical and administrative support staff
- Integrated electronic medical records
