

Dear Faculty and Students

UK Pro is excited to share information about upcoming interviews in America. Students graduating in Summer or December 2010 and alumni are encouraged to consider this fantastic opportunity abroad. In the last 12 months, the UK has made strides to increase their social work force by recruiting internationally. Please read through the information below and feel free to forward this onto interested social workers. UK Pro would also be happy to discuss arranging a visit to your campus if you would like to learn more!

The interviews are for an area in England called **Kent County Council** at the end of October. Kent is a great location as you will live outside London, thus saving on accommodation cost, but will live close enough to visit in your free time during nights and weekends. This location, famously known as the 'Garden of England,' is an exceptional place to live. Kent also has been considered one of the safest locations in Britain, having one of the lower crime levels in the nation.

There are 30 open positions and 50-55 interview spaces available. Unfortunately, not everyone who applies will be interviewed, but be assured that we will have additional interview opportunities scheduled later on this year or in early 2011, so there will have other options!

The salaries for these positions are still being confirmed and will be based on qualifications and experience. A generous relocation package will also be offered to offset the cost of moving and more information on this will be provided on our website soon. The jobs will be in children and families case management teams and previous child welfare experience is desired. **All applicants must have 2 yrs of relevant experience. Internships do count towards the 2 yr requirement.** Further info regarding the job descriptions can be obtained by emailing leah@uk-pro.net

The decision to move abroad is not one that social workers make on a whim! We understand that there is much more for one to consider in addition to the job. UK Pro is a recruitment organization that works 24/7. We have offices in the USA and the UK and are available to answer questions all hours of the day. One of the most unique elements of UK Pro is that the consultants you speak with have all worked in the UK as social workers! All consultants hired by UK Pro are Master Level Social Workers who have been through the same experiences. At one time in their lives, they too decided to move abroad! The consultant will be an educator, a support system upon arrival, a travel agent (when you want some advice), and a friend for the duration one is in the UK and beyond.

To begin this process, interested candidates are encouraged to contact Leah Moreau at 678 262 8778 or leah@uk-pro.net. More information can be found at www.uk-pro.net. We look forward to hearing from you!
