COMM 102 - Intro to Public Speaking

(Undergraduate)

This course is an introduction to the practical skill of public speaking. It will emphasize the basic principles of research, organization, and delivery in the construction of effective public presentations. Civic aspects of public speaking will also be addressed with attention to critical listening and evaluation of public communication. Offered fall, spring, and summer.

NOTE: Course meets at the Attleboro site.

CRIT 111 - Foundations Logical Reasoning

(Undergraduate)

This course introduces the student to the intellectual foundations, conceptual frameworks and methodologies of logic. It examines the distinctions between arguments and nonarguments, premises and conclusions, deductive and inductive arguments, explicit and implicit premises, and key valid and invalid argument forms. It explores the kinds of reasons that are relevant to major foundational projects for acquisition and increase of knowledge, the function of logic in the context of theories about meaning, knowledge, values or reality, and how to apply logical reasoning to controversies in ethics, politics, science or religion. Offered fall, spring, summer. (Formerly PHIL 111)
