Campus-Wide Controls Upgrades

DCAMM General Category: Energy Management Systems

Estimated Project Cost: \$180,000.00 (incl. alternates)

This project consists of the replacement of legacy building supervisory controllers with new hardware and software that support the modern Energy Management System framework. This replacement upgrade requires successful installation, communication and integration of all building network devices and system application criteria, as specified in the bid documents.

THIS PROJECT IS BEING ELECTRONICALLY BID AND NO HARD COPY BIDS WILL BE ACCEPTED. Any bid submitted after the date and time specified will not be considered. Please review the instructions in the bid documents on how to register as an electronic bidder. Tutorials and instructions on how to complete the electronic bid documents are available online.

Bid Forms and Contract Documents are available on www.biddocsonline.com (may be viewed electronically and hard copy requested). Bids must be secured by a 5% bid deposit of the total bid amount. Upon award of contract, a 100% Payment Bond and 100% Performance Bond will be required for the general contractor. Prevailing rates of wages apply and are included in the bid documents.
