At no time shall a speed in excess of 20 miles per hour be considered reasonable and proper except as otherwise posted or for vehicles engaged in emergency work. In addition to acceptance of the civil speeding statutes set out in G.L. Chapter 90, the university specifically accepts the provisions of M.G.L. c. 85, § 11. 1. Necessity to Register. Any student or employee who operates a vehicle on the campus or other lands of the university must register that vehicle with the university and display a current university decal on the vehicle. Registration must be accomplished immediately upon arrival or use of the vehicle on campus. Failure to register will constitute grounds for denial of the privilege to operate a vehicle on the campus or other lands of the university. Registration of a vehicle is not complete until the decal is permanently and properly affixed to the vehicle. Any motor vehicle bearing a decal which has been mutilated or damaged so that the number thereof or the date of expiration is illegible shall be treated as not bearing the required decal. Expired university decals are not to be displayed. Any duplicate decal required during the year will be provided at a replacement charge.

2. Eligibility. Permission to operate a vehicle on the campus or other land of the university is a discretionary privilege bestowed by the Board of Trustees of Bridgewater State University and such privilege may be denied, revoked, suspended or modified by action of the university or police officers of the university authorized to take such actions.

3. Liability Coverage. No vehicle shall be registered for operation on the campus or other land of the university unless the person requesting a decal has met the motor vehicle liability policy or bond requirements for the operation and use of motor vehicles upon the ways of the Commonwealth.

4. Expiration of Registration. Except when otherwise specified, university vehicle decals expire annually on August 31 and additionally under the following conditions:

- a) All registrants-upon revocation, upon transfer of ownership of the vehicles or upon change of license plate number.
- b) Employees-upon termination of employment at the university.
- c) Students-upon termination of status as a student at the university.

5. Registration and Parking Decals. Faculty, staff, and students are required to register their vehicles which will be used on campus and maintain parking decals on the vehicles.

VIII. No-Parking Zones

No-Parking Zones include all areas that are not lined or marked for parking. This includes roadways; access lanes and turnaround areas in parking areas; loading and unloading zones, and fire lanes.

Chapters 85, 89, and 90, and the traffic rules and regulations of the Registrar of Motor Vehicles relating to the laws of the road and the operation of vehicles as applied to the campus and other land of the university shall be the same as prescribed in G.L. Chapters 85, 89, and 90 and the traffic rules and regulations of the Registrar of Motor Vehicles. Such rules and regulations shall be enforced by the university police, with violations recorded upon a uniform citation. Any court having jurisdiction of motor vehicle offenses may impose such fines, penalty, or both, as would be prescribed for a like offense committed upon other public streets in the Commonwealth.

(2) For Non-Moving Violations. The penalty for non-moving violations shall be determined by the president or his/her designee, acting under the authority of the Board of Trustees of the university. Payment in full to the university of the stipulated fine shall operate as a final disposition of each violation cited therefor.

(5) University Disciplinary Action. In addition to fines and penalties imposed or other action taken by the university, repeated or severe violations of State or university motor vehicle laws or regulations shall subject the offender to disciplinary action, up to and

including suspension or expulsion from the university, as would be taken for a violation of other university regulations governing the general conduct of its students.

(6) Parking Appeals. All parking appeals must be submitted in writing on a form approved by the university to the campus parking clerk within 21 days from the date of receiving a violation notice or other penalty. Such forms shall be made available to persons upon request through the university Police Department or other locations on campus. The review of such appeals shall be informal; the rules of evidence shall not apply. The parking clerk shall reply in writing giving the reasons for his/her decision. If the Appellant is not satisfied with this decision, he/she may have a meeting with the parking clerk at a time and place of the parking clerk's convenience. Appellants shall be permitted during such informal hearing to call and cross examine witnesses and to present evidence on their own behalf. The parking clerk shall have sole and exclusive jurisdiction to determine the conduct of the hearing, including determinations regarding the admission of evidence, the number of witnesses to be heard and other related matters of procedure. Within 30 days following the conduct of said hearing, the parking clerk's office shall issue a written decision which shall be final subject to further judicial review provided by G.L. c. 30A, §14.
