

Dear Applicant,

The Commonwealth of Massachusetts requires all international students to meet current immunization requirements prior to arrival. You should submit your health information along with your application materials. Submitted health information will then be verified and you will be notified if additional immunizations will be required. An I-20 or DS-2019 will be issued after you have met all requirements of the University for Admission and Health Mandates.

Immunization guidelines and school requirements can be found at:

<http://www.mass.gov/eohhs/docs/dph/cdc/immunization/guidelines-ma-school-requirements.pdf>

We have provided you with the Higher Education Immunization Requirements directive from the Commonwealth of Massachusetts for your reference and the Immunization form for your convenience.

Immunization records should be scanned and sent via email to Laura Sullivan in Wellness Center at laura.sullivan@bridgew.edu. Please copy International Student and Scholar Services at iss@bridgew.edu and Andrea Frisoli in Undergraduate Admissions at afrisoli@bridgew.edu

Should you have questions, please feel free to contact Laura Sullivan in the Wellness Center or the ISSS Staff.

We look forward to assisting you and to ensuring your wellbeing at Bridgewater State University.

Sincerely,

Gregg A. Meyer

Dean of University Admission PDSO/RO
